REASONS FOR ALLOWANCE

1. Claims 1-2, 4-8, 10-14, 16-19, and 21-23 are allowed.
2. Claims 3, 9, 15, and 20 are cancelled.
3. The following is an examiner's statement of reasons for allowance:

The prior art of records fails to disclose or render an obviousness of a method and an apparatus for generating a random value comprising step of: monitoring a signal from an Internet communication channel of a network including data and additive noise; sampling the signal to generate a random value wherein the sampling comprises sampling at times determined by output of a linear feedback shift register; and storing the random value at output as cited in all independent claims 1, 7, and 13.

The closest found prior art is Saints et al. (U.S. 6,430,170). Saints et al. disclose a method and an apparatus for generating a random value comprising step of: monitoring a signal from an Internet communication channel of a network including data and additive noise; sampling signal; and storing the random signal value at the output. However, Saints et al. fails to disclose the step of sampling the signal to generate a random value wherein the sampling comprises sampling at times determined by output of a linear feedback shift register as cited in the present application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
